Antique Okinawa: A catalog of oriental works of art

## ごあいさつ

琉球王国は太古の昔より貿易の主要な中継地、そして文化面での重要な架け橋として中国大陸、東南アジア、そして日本を結んできました。

その過程で、数多くの重要な美術品が琉球王国にもたらされ、後年、驚くような数量の美術品が発見されて参りました。

そういった素晴らしい歴史を持つこの地で、私どもは40年近く常に最善を追求しながら営業を続けて参りました。

これからも、この地にもたらされる美しい品物を、熱意を持って収集し続けて参ります。

## Greetings

The Ryukyu Kingdom has been playing an important role as a hub of not only commercial trade but also cultural exchange, because of its location. The Chinese Empire, Japan and South East Asian countries enjoyed exchanging their goods and culture through the Ryukyu islands.

For these reasons, considerable amount of master piece of art works and porcelains were brought to the islands and then later, have been found in surprising numbers.

Established in 1972, we have specialized in Asian works of art for almost 40 years. We shall endeavor to collect the works of the highest artistic quality in the historical islands of Ryukyu.
